

Reckless Auto Driving.

Regardless of the State laws and a special city ordinance governing the automobile, it seems that the drivers and owners of Paris and Bourbon county take little heed. Mayor Hinton has repeatedly notified owners and drivers through all of the Paris papers and has instructed the police to enforce the law. But in the face of all, reckless driving is indulged in every day and night in Paris. The streets of Paris are narrow and are generally crowded and it is a hard matter to even comply with the law and avoid accidents. Numerous complaints have been telephoned to The News and asking that we take a hand in the fight.

Wednesday we understand there were several accidents on South Main street and in the vicinity of Cypress Hill. C. M. Thomas was run into and his horse seriously injured. Mrs. Jas. Connelly also collided with a machine and several other accidents were narrowly averted. The only remedy that The News can suggest is to arrest and make an example of one of the violators.

We don't know the particulars of either of the above accidents and don't refer to them in particular but to all automobile owners in general.

Rally Day Observed at Methodist Church.

The newly elected officers for the Paris Epworth League were installed at the Methodist church Sunday evening.

"Rally Day" was also observed in connection with the installation service and the splendid program which was arranged for the occasion was beautifully carried out.

The Maltese Cross, which is the emblem of the Epworth League was in a position above the organ and was surrounded by the League colors, gold and white, set off by the League flower, the violet. Flowers of gold and white also adorned the pulpit.

The installation ceremony conducted by the pastor, Rev. J. S. Simms, was very impressive, the officers elected were called to the chancel in the order of their respective offices and were addressed by the pastor in suitable exhortation. Each officer and Leaguer wore badges of the League colors. An audience of about three hundred, mostly of young people, was present, from all denominations. The music was rendered by the League choir with Miss Mattie Lileston at the organ, accompanied by Mr. William Talbott with the cornet. The following is the program:

Hymn—No. 57, "Day is Dying in the West"—Audience.
Hymn—No. 78, "Holy, Holy, Holy"—Audience.
Prayer—Mr. N. H. Bradley.
Hymn—No. 419, "One More Day's Work for Jesus"—Audience.

Burley Tobacco Growers Boost Your Own Brands

We, as you know, are using your choicest tobacco in the brands of Strater Bros.' Branch, and you know that nobody grows better tobacco than you do. You know how we manufacture, so you know that these brands are perfection. Now we want you to help us sell these brands this year even better than our best previous years. The reasons you should so help are as follows:

You Are Part Owner

The fact that you grow the tobacco makes you part owner of all these brands. Every time that one sells you profit. Every word that you say in favor of any helps to increase those sales. Every brand that you buy for your own use helps make those profits better. All our interests—your interests and ours—are pooled in these several tobaccos. It is logic that you should bend all of your efforts, however small, in the selling.

The United Power of 40,000 Buyers

40,000 men in a section wield an enormous buying influence. If all ask for these brands when they buy tobacco there results a gigantic sale. And big sales are the best advertising known.

To Dealers! Dealers throughout the United States know these famous tobaccos. They are Nation-wide sellers—popular brands. They are helping these dealers to prosper. They are made from the pick of the famous crops of 40,000 growers. Every one of these growers is boosting them all. So are all of their friends. This method is bringing the profits to dealers—to those who sell these brands. Are they working for you? Here are the mild, fragrant smoking brands—GOLDEN GLOW—PENNY POST—FULL PAY. Here are the delicious chewing brands—INDEX—BY JOE TWIST—CUP—DAY'S WORK—ON THE SQUARE—TORCHLIGHT—STRATER'S NATURAL LEAF. Put them into your stock. See how they sell.

Wm. Isgrigg Succumbs to Heart Trouble.

Mr. William Isgrigg died suddenly at his home on the Peacock pike near this city yesterday morning about five o'clock from an attack of heart trouble, with which he has been a sufferer for more than a year.

About a year ago Mr. Isgrigg suffered an attack of grip and since that time he has been in declining health as a result. He was in town Saturday and although he has suffered more or less from his ailment, he was apparently in as good health as at any time since his late illness.

Mr. Isgrigg, who was one of the most prominent farmers of Bourbon county was aged 69 years. He was born in Bourbon on June 13, 1843, and was the eldest of three sons of William and Letitia Isgrigg. He was reared on the farm and all during his life followed the agricultural pursuits from a most scientific point, with the result that he was considered the model farmer of Bourbon county.

Mr. Isgrigg was thrice married. In November 1868 he was united in marriage to Miss Lou C. Reid, daughter of the late Greenberry Reid, of Bourbon. Two children were born to this union. His first wife died in 1873 and three years later he was married to Miss Carrie Childress, of Hutchison, who died several years later. His third wife was Miss Bishop, of Bourbon, and she together with two children by his former marriages survive—son, Mr. Sweeney Isgrigg and one daughter, Mrs. Lisle Jacoby, both of whom reside in this county.

In 1873 Mr. Isgrigg located on the place where he resided at the time of his death. He was a descendant of Virginia stock and a man of exceptional business ability, being extremely popular with all who knew him, and his sudden demise is a source of deep regret to the scores of admiring friends.

The funeral services will be held at his late residence this afternoon at 4 o'clock, conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. The pall-bearers will be Dan Isgrigg, Dr. Wm. Kenney, Lawrence Vanhook, Bush Bishop, J. D. McClintock and Newton Mitchell.

The interment will take place in the family lot in the Paris cemetery.

High Cost of Meat.

The Live Stock Record sums up the high cost of meat as follows: "The principal cause of the high price of meat is the decided shortage of the live stock supply; it amounts to millions of animals, while consumers continue to increase. This brings the problem down to the simple proposition of 'supply and demand,' and no amount of abuse heaped upon the packers for taking good profits or upon farmers for securing good prices can be expected to bring relief to the consumer, now or in the future. Our observations and inquiries lead us to the conclusion that we may look for an indefinite period of high levels in meat prices for the reason that the greatest bulk of live stock which the market demands must be produced on land worth \$50 an acre and upward, because in the average range section it requires ten acres to support a one thousand pound steer five months; in some sections it requires twenty to thirty acres, and at the present price of land in the range country it is quite as cheap to pasture stock on good farm land worth \$100 an acre, and much cheaper, if fertility is such that the steer may be maintained seven months on an acre and a half."

"Both Bad; Neither Good."

County option as a means of promoting temperance was denounced by the State Alliance of German Societies, which closed its ninth annual convention at Layfayette, Ind., Tuesday. The following resolution was adopted:

"We are forced to declare our opposition against the orthodox, Republican party, as well as against its offspring, the new Progressive party. Of course, we have nothing to do with the National election, but as far as the election of State and local officers in the State of Indiana is concerned we most urgently ask the members of our organization to vote for more of the candidates of those parties and to do all that lies in their power to bring about the defeat of both of them."

At the Kentucky branch of the American German Alliance in convention at Frankfort adopted resolutions declaring that the United States Constitution guaranteed all men personal liberty, condemning laws and lawmakers who vote local option laws and urging the members of the organizations to vote independently.

Improved Mail Service.

That the residents of the outlying district of the city who have not been receiving their mail by the city carriers will be furnished with a service equal to that of any part of the city is shown by the announcement made to this effect by Postmaster N. A. Moore, who by order of E. T. Bushnell, Acting First Assistant Postmaster General, will in a few days establish a mounted carrier system to complete the service.

All of the new additions in the city of Paris will receive the benefits of the new service. Postmaster Moore has frequently received petitions from residents in many sections of the city for a carrier service and the matter was taken up with the department in Washington, resulting in the order being issued.

The rapid growth of the city of Paris coupled with the increase in the city's population has made it impossible for the present carrier system to cover all of the territory within the city limits and to overcome this and give residents in the outskirts a service the establishment of the mounted carrier as recommended to the postoffice department.

There will be no increase in the present force of carriers in the city, one of the number now employed being assigned to the new route which is to be established within the next few days. His equipment will be similar to that which is now being used by the mounted mail carriers in larger cities and will constitute a miniature postoffice on wheels, to which is driven a horse and which is constructed in a manner to be easily mounted by the carrier.

The only provision set out in the order from the department is that each residence along the route of the mounted carrier be provided with a suitable receptacle in which to receive their mail and unless such mail box is provided the service will not be extended. There is little doubt that each resident will provide the necessary mail box from the number of anxious requests that have been received for the service by the local postoffice officials.

The districts to be served by the mounted carrier are White Addition, Henry Addition, Nineteenth and Twentieth streets, Brent and Clifton avenues. These additions have heretofore been receiving their mail through the general delivery and private boxes and the new service will prove a great convenience to the residents in those sections of the city.

The city carrier service was put into effect in Paris about eight years ago, when three carriers employed made the deliveries. Since that time, and keeping abreast with the extension of the city and increasing population the number of carriers has been increased to four, which gives Paris a mail delivery service equal to any fourth class city in the State and the addition of the mounted carrier is calculated to greatly improve the service and convenience the patrons.

The completion of the route for the mounted carrier is expected in the next few days and the new service will go into effect.
